FLOOR GUARD

A Perfect Solution for Floor Protection

URL : <http://www.floorguard.in>

FLOOR GUARD, a novel company, has come up with an innovative, one of its kind solution to all these related predicaments. It introduces a tile protection sheet, which consists of multi layers imparting it more strength and making it tear and abrasion resistant. Its features completely shield the tiles from surface intervention. Its superior floor coverings guard your tiles and protect your valuable floorings from any scratch or attrition. It is very cost effective so that you won't mind even a bit to use it to guard your expensive floorings. This sheet can be applied on any type of floorings and under layer of wooden flooring. Floor guard sheet is ideal for establishments like Flats, Bungalows, hotels, hospitals, schools, malls, buildings etc.

WHY CHOOSE FLOOR GUARD OVER BUBBLE GUARD?

- Economical, Reusable, Easy to install with less joints

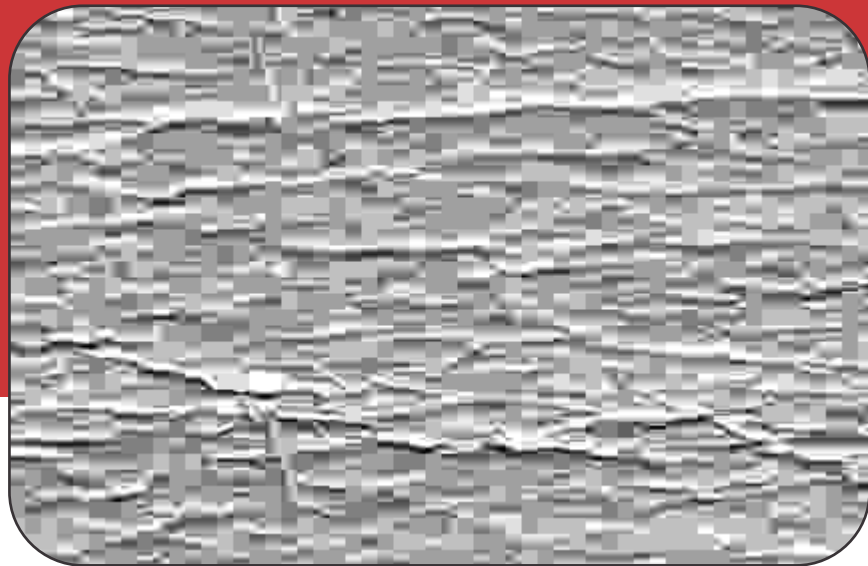

Softer base sustains the impact of inner dust particles & not damage the flooring

Skid Free, Anti Slippery Floor with no marks left after usage;

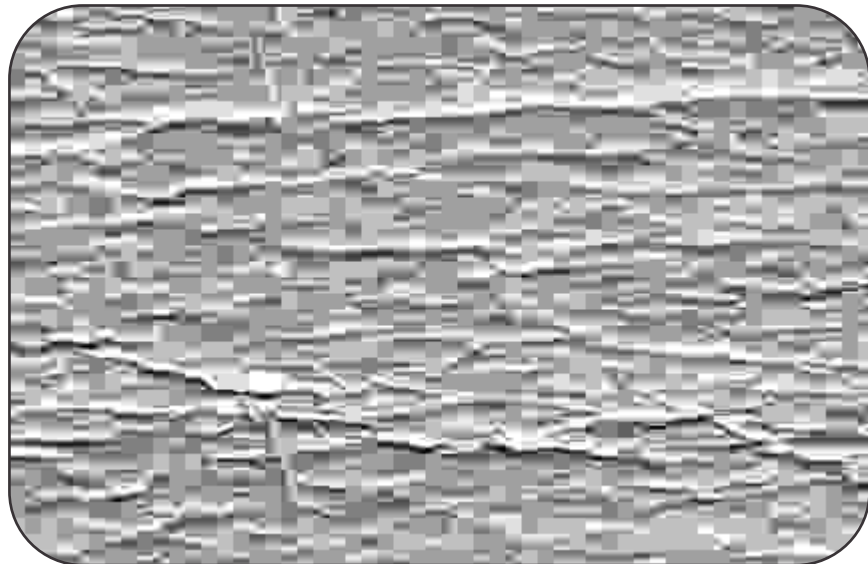

Made from filled polymer, comes back to original shape, if compressed!

Cannot be torn as it has criss cross designs; easily sealable in case of scratches

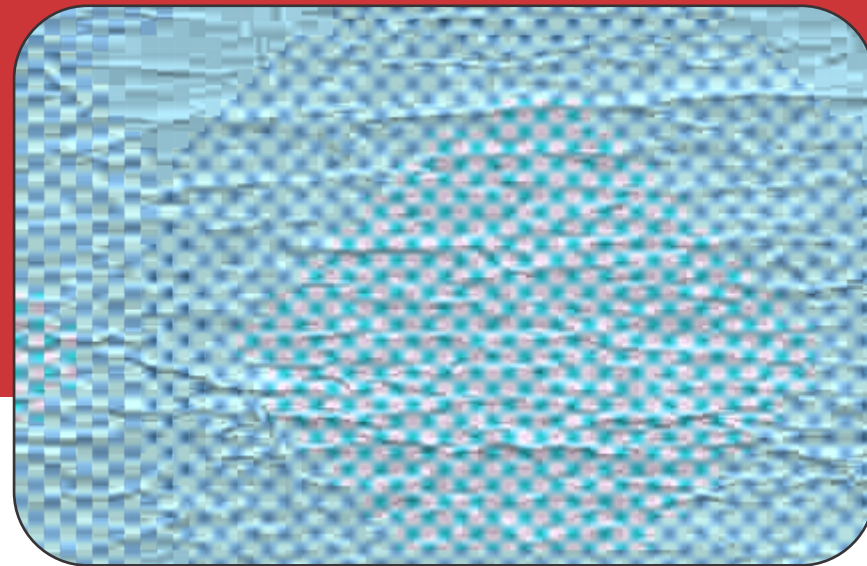

Comes in Roll form, is light weight so easy to carry around & easier to reuse in Skyscrapers

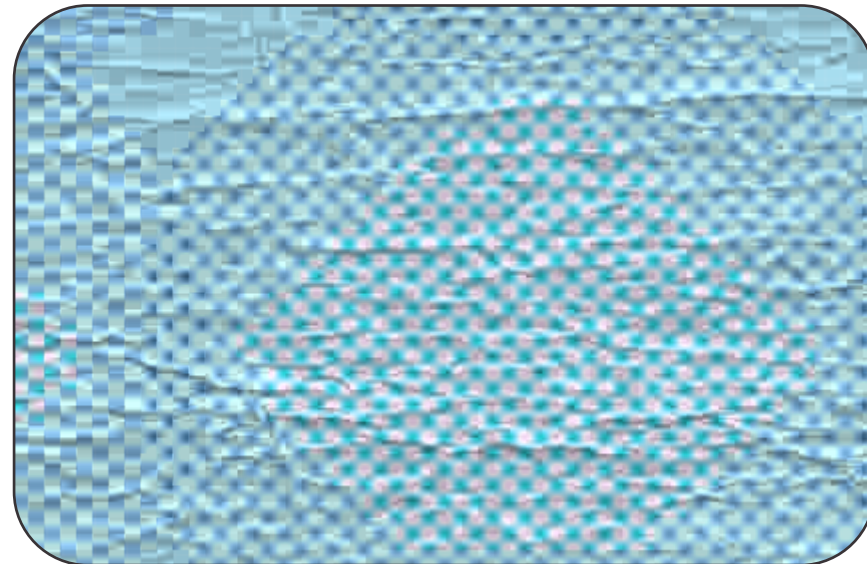

Floor Guard (5 mm Thickness)
Roll Size : 1.5 Mtr. (W) x 10 Mtr. (L)
5 LAYER

Eco Guard (3 mm Thickness)
Roll Size : 1.5 Mtr. (W) x 10 Mtr. (L)
5 LAYER

Blue Checks (5 mm Thickness)
Roll Size : 1.5 Mtr. (W) x 10 Mtr. (L)
3 LAYER

Blue Checks (2.5 mm Thickness)
Roll Size : 1.5 Mtr. (W) x 20 Mtr. (L)
3 LAYER
